Sardine Canyon Run To Logan Saturday June 26

Susan and Mike Cady organized a fun drive new to the club as far as anyone knows.

We met at the park across the street from the Cady house in Roy. Our route was north on SR 126 continuing on through Willard and Perry on the old highway past Maddox Ranch Restaurant where we ate on the club's April 24 outing.

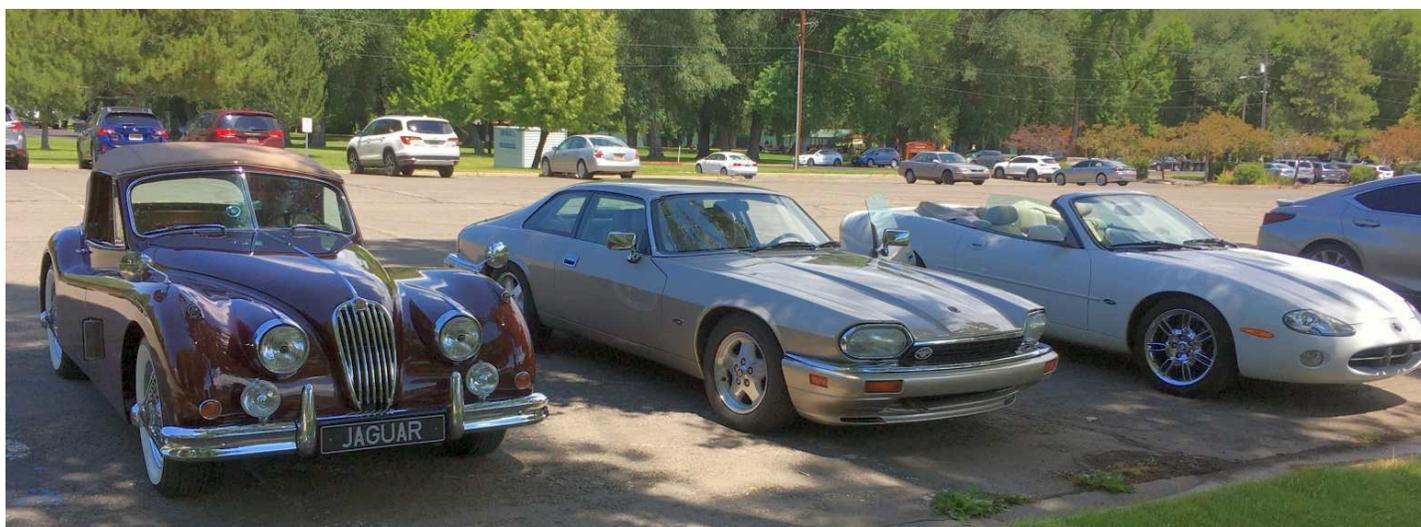

Whence it was up Sardine Canyon to Logan's Center Street which was a treat in itself with its many old mansions of diverse architectural styles all beautifully restored and cared for.

We then had a delightful self-catered picnic in a Willow Park pavilion graciously shared by a large family having a birthday party.

There were four Jaguars on this run: the Borg XJS, Call XJS, Southwick XK8, and Lindstrom XK140.

Participating were Kay, James, Susan Jennings, Ken, JoAnn and Bennie Borg, Rick and Julie Southwick, Craig Call, organizers Susan, Mike, Tess and Abby Cady, and Your Obedient Scribe Gary Lindstrom.

WMJR Returns To A Favorite: East Canyon Tour To [Taggarts Grill](#) In Morgan Saturday July 17

Nothing says summer's here better than a drive up East Canyon over the summit past Big Mountain down to Morgan UT and brunch at Taggarts Grill.

The WMJR will renew this favorite on Saturday July 17.

The rendezvous will be at Rotary Glen Park, just east of Hogle Zoo on East Sunnyside Avenue about where it becomes Emigration Canyon Road.

Bright eyes, bushy tails and shiny Jag-

uars (or whatever you're driving that day) are expected at 9:30am for a 10:00am departure.

Those traveling independently to Taggarts should plan to arrive at the restaurant about 11:30am.

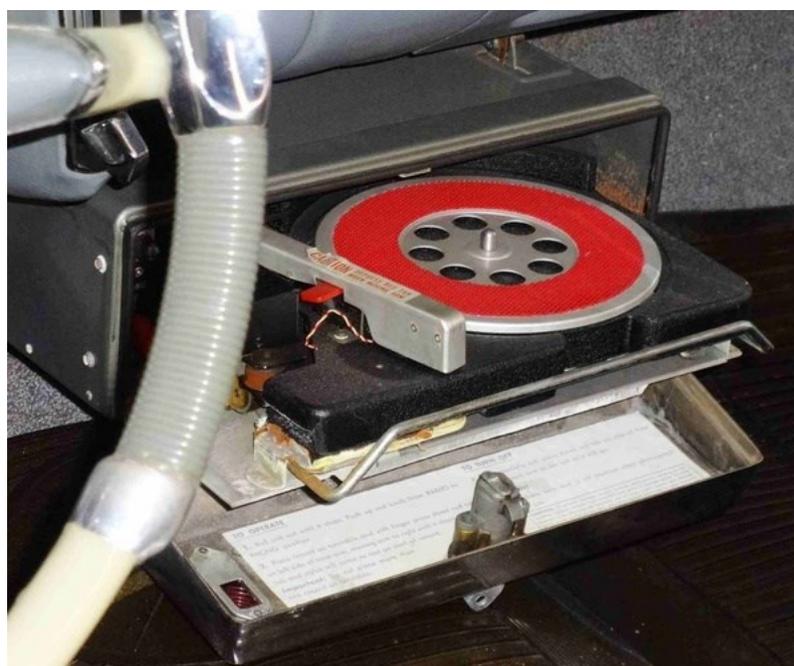

Taggarts doesn't take reservations but the management is aware we will be coming and will try to seat us together as best possible.

The food and service are always great so don't miss this one!

Combination FUEL PUMP & VACUUM PUMP

Fuel section provides same fuel performance as original pump—
Vacuum section provides all these plus features—

- Reduction of wiper slowdown on hills during acceleration and at high speeds.
- Increased vision with increased safety—
No more temporary "Block-Outs."
- Fits all models, 1942-1952.
- Highly recommended by safety experts.

Combination fuel pump and vacuum pump
Keeps pneumatic wipers up to speed under acceleration
