A6 Ben: questions?

Due by Tuesday 31 Mar '20

Once done with A6, start A7

* basis: A4 provided

* issues: understand/fix A4

e.g., desires is sorted on 3rd col ??

* design way to add rain + wind

* design way to select from multiple plans to achieve a goal

* determine way to incorporate RL to choose best plan

i.e., policy: state \rightarrow plan
+ goal

$\Pi: S \times G \rightarrow P$

* determine measures to demonstrate effectiveness

Tuesday 31 Mar: discuss issues

Thursday 2 Apr: be deep into some issues
be prepared to describe work
