

Thomas C. Henderson

Thomas C. Henderson received his BS in Math with Honors from Louisiana State University in 1973 and his PhD in Computer Science from the University of Texas at Austin in 1979. He is currently a full Professor in the School of Computing at the University of Utah. His research interests include autonomous cognitive systems, robotics and computer vision, and his ultimate goal is to help realize functional androids. He enjoys good dinners with friends, reading, playing basketball and hiking.
